

Oracle® BI Publisher Report User Training

Duration: 0,5 days **Language:** German **Location:** upon agreement

In this training you will gain knowledge to run reports with Oracle® BI Publisher.

The following contents from our module catalogue are covered in detail in the training. With the help of these module elements, the participants are introduced to efficient report generation and receive practical tips and tricks for their daily work with the reports.

The training includes the following module elements:

- Run and view reports
- Export reports to file
- Set parameters
- Send reports by e-mail
- Schedule reports

Participants

This training is aimed at project managers, project staff, project controllers, schedulers and executives who want to get a solid introduction to Oracle® P6 EPPM BI Publisher Reports. Participants already have knowledge of using standard software and operating systems, such as Windows XP, PDF and Office applications.

Coaches

All our coaches are experienced professionals in project management and have many years of practical experience in various industries. They have long-standing know-how within the relevant topics.

Training method

Anhand von Vorträgen, Übungen und praxisbezogenen Beispielen werden die Grundlagen und Funktionen von Oracle® BI Publisher anschaulich vermittelt. Gezielte Anwendungsübungen garantieren einen direkten Praxistransfer des Gelernten.

In-house training

You can also use our training offer directly on site in your company and book a customized in-house training. Just send us your request and we will be glad to make you an individual offer and support you with the organization.
