# Primavera P6 Web Advanced

Duration: 2 days **Language:** German/English
Location: upon agreement

Practice-oriented Oracle® Primavera P6 Web advanced training: Efficiently plan, monitor and control projects. Oracle® Primavera P6 is an important project management tool that supports you in planning, managing and controlling projects. In this Advanced Training you will learn and train the advanced handling of Oracle® Primavera P6 Web.

The following contents from our module catalogue are covered in detail in the training. With the help of these module elements, the participants learn the extended handling of Oracle® P6 Web.
They gain insight into multi-project planning, learn target-oriented tracking and reporting and receive practical tips and tricks for their daily work with Oracle® Primavera P6.
In addition to using the Oracle® Primavera P6 Web tool, participants learn how to successfully structure, plan and track projects and how to recognise obstacles in time.

The training includes the following module elements:

Primavera General
- Advanced Project Preferences
- Advanced Activity Preferences
- User Preferences
- Scheduling Types & Options
- Advanced Layout creation

- Portfolio Settings and Views

Project Tracking
- Target/Actual comparison

Role & Resource
- Resource-Teams
- Role-Teams

Primavera Tools
- Advanced Baseline (Update Baseline, covert a Project to Baseline)
- Update Progress
- Import / Export

Participants
The in-depth training course is aimed at project managers, project controllers and schedulers who require the advanced knowledge and functions in Oracle® Primavera P6 Web. The participants already have knowledge in project planning, know the standard methods and terminology of project management, and have mastered the basics of Oracle® Primavera P6.

Coaches
All our coaches are experienced professionals in project management and have many years of practical experience in a wide range of industries. They have long-standing know-how within the relevant topics.

Training method
Presence training - the training contents and functions of Oracle® Primavera P6 Project Management / Professional Client are clearly conveyed by means of lectures, exercises and practical examples. Targeted application exercises guarantee a direct practical transfer of what has been learned.

Individual in-house training
proadvise individual trainings are goal-oriented and designed according to the needs of the users! Send us your request and we will be happy to make you an individual offer and support you in organising and carrying out the training.
